

(L)

DIRECTOR OF CENTRAL INTELLIGENCE
Scientific and Technical Intelligence Committee

16 JUN 1980

MEMORANDUM FOR: Thomas R. Pickering
Assistant Secretary, Bureau of Oceans
and International Environmental and
Scientific Affairs
Department of State

SUBJECT: Dinner with the DCI's Science and Technology
Advisory Panel

1. The DCI's S&T Advisory Panel (STAP) is pleased that you have accepted its dinner invitation for Thursday, 26 June at 1900 at the La Mirabelle Restaurant in McLean, VA. Enclosed is a map showing the location of the restaurant.

2. The STAP dinners, held once a quarter, are intended to give the panel an opportunity to interact with policymakers in the government on wide ranging topics of mutual interest. Although there is no set agenda, the group would be interested in hearing your views on the state of science and technology in international diplomacy. Because the dinner is at a public restaurant, the discussion will be unclassified.

3. For your background information, I am attaching a copy of the agenda for this two-day session of the STAP, a list of the members and a statement of the main responsibilities of the panel. I will be in touch with you before the meeting to answer any questions that you may have.
